If we experience heavy rain or lightning, we will move to the King Elementary gym.

Saturday is a makeup day for any missed instruction.

From the Director:

This year the Northern Triad Soccer Club is sponsoring the summer camp. I've worked hard putting together an experienced, qualified staff to teach your players the fundamentals properly, so they can enjoy soccer more and take their game to a new level. Our instructors are proven individuals with several years of experience, coaching licenses, playing achievement, and coaching accomplishments.

Camp Goals

1. Teach the fundamentals of the Game:

Dribbling, Passing, Receiving,

Shooting, and Defense

2. Teach Teamwork and Build Soccer Friendships

3. Have Fun with Games and Competition

We highly recommend that all campers prepare physically before the camp date in order to prevent injury, reduce soreness, and get the most out of the camp. Please ensure they are drinking plenty of good fluids at home before and during the camp week. A nutritious diet and proper rest will also help the players get the most out of their week.

This week will be filled with learning, games, competition, and fun that your kids will remember for many years.

Sincerely,

Brent Snow  
Director of Coaching
